BLUE BERRY (WHITE DOG SHAMPOO)

Page: 1
Compilation date: 11/02/2014

Revision No: 1

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: BLUE BERRY (WHITE DOG SHAMPOO)

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of substance / mixture: PC35: Washing and cleaning products (including solvent based products).

1.3. Details of the supplier of the safety data sheet

Company name:	Safe Solutions (Safe4) LTD
	Bostock Road
	Winsford
	Cheshire
	CW7 3BD
	United Kingdom
Tel:	+44 (0) 1606 591 900
Fax:	+44 (0) 1606 591 900
Email:	info@safe4pets.co.uk
1.4. Emergency telephone number	
5	+44 (0) 1606 591 900
Emergency tel:	+44 (0) 1000 291 900
	(office hours only)

Section 2: Hazards identification

2.1. Classification of the substance or mixture

Classification under CHIP: This product has no classification under CHIP.

2.2. Label elements

Label elements under CHIP:

Safety phrases: S2: Keep out of the reach of children.

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S46: If swallowed, seek medical advice immediately and show this container or label.

2.3. Other hazards

PBT: This product is not identified as a PBT substance.

Section 3: Composition/information on ingredients

3.2. Mixtures

Hazardous ingredients:

SODIUM C12-C15 ALKYLETHER SULPHATE

EINECS	CAS	CHIP Classification	CLP Classification	Percent
236-091-0	13150-00-0	Xi: R38; Xi: R41	Skin Irrit. 2: H315; Eye Dam. 1: H318	5-10%
ALKYLAMIDOPROPYI	DIMETHYLAMINE BE	TAINE		
263-058-8	61789-40-0	Xi: R36	Eye Irrit. 2: H319	2.5-5%

Section 4: First aid measures

BLUE BERRY (WHITE DOG SHAMPOO)

5.1. Extinguishing media S.1. Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.2. Special hazards arising from the substance or mixture Exposure hazards: In combustion emits toxic fumes. 5.3. Advice for fire-fighters Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. ection 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Personal precautions: Refer to section 8 of SDS for personal protection details. Turn leaking containers leak-side up to prevent the escape of liquid. 6.2. Environmental precautions: Do not discharge into drains or rivers. Contain the spillage using bunding. 6.3. Methods and material for containment and cleaning up Clean-up procedures: Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method. 6.4. Reference to other sections Refer to section 8 of SDS. Refer to section 13 of SDS.		blue berkt (while bug shawpoo)
Skin contact: Not applicable. For contact: Bathe the eye with running water for 13 minutes. Ingestion: Consult a doctor. 4.2. Most important symptoms and effects, both scate and delayed Skin contact: No symptoms. Eye context: No symptoms. Eye context: No symptoms. Eye context: No symptoms. Delayed / inmediate effects: No symptoms. 4.3. Indication of any immediate medical attention and redness. Ingestion: There may be initiation and redness. Ingestion: There may be initiation of the threat. Inhubation: No symptoms. 4.1. Indication of any immediate effects: No symptoms. 4.1. Section 8: Exposure controls/personal protection

BLUE BERRY (WHITE DOG SHAMPOO)

8.1. Control parameters

Workplace exposure limits: No data available.

8.1. DNEL/PNEC Values

DNEL / PNEC No data available.

ວ່າ	Exposure	controls

1

Engineering measures:	Not applicable
	Respiratory protection not required.
	Protective gloves.
Eye protection:	•
Skin protection:	
	No special requirement.
Environmental:	No special requirement.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State:	Liquid
Colour:	Blue
Odour:	Pleasant
Evaporation rate:	Negligible
Oxidising:	Non-oxidising (by EC criteria)
Solubility in water:	Miscible in all proportions
Viscosity:	Viscous
Boiling point/range°C:	No Data
Flammability limits %: lower:	No Data
Flash point°C:	No Data
Autoflammability°C:	No Data
Relative density:	1.005 - 1.015
VOC g/l:	0

9.2. Other information

Other information: Not applicable.

Section 10: Stability and reactivity

10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

10.2. Chemical stability

Chemical stability: Stable under normal conditions.

10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may

Melting point/range°C: No Data

Vapour pressure: No Data

Part.coeff. n-octanol/water: No Data

upper: No Data

pH: 6.0 - 7.0

occur on exposure to conditions or materials listed below.

10.4. Conditions to avoid

Conditions to avoid: Heat.

10.5. Incompatible materials

Materials to avoid: Strong oxidising agents. Strong acids.

10.6. Hazardous decomposition products

Haz. decomp. products: In combustion emits toxic fumes.

Section 11: Toxicological information

11.1. Information on toxicological effects

Toxicity values: No data available.

BLUE BERRY (WHITE DOG SHAMPOO)

	BLUE BERRY (WHITE DUG SHAMPOO)
	Page:
Symptoms / routes of exposure	
Skin contact:	No symptoms.
	There may be irritation and redness.
	There may be irritation of the throat.
	No symptoms.
Delayed / immediate effects:	
Other information:	Not applicable.
Section 12: Ecological information	
12.1. Toxicity	
Ecotoxicity values:	No data available.
12.2. Persistence and degradability	
Persistence and degradability:	Biodegradable.
12.3. Bioaccumulative potential	
12.5. Bioaccamatative potential	
Bioaccumulative potential:	No bioaccumulation potential.
12.4. Mobility in soil	
Mohility	Readily absorbed into soil.
12.5. Results of PBT and vPvB assessme	m and a second se
PBT identification:	This product is not identified as a PBT substance.
12.6. Other adverse effects	
Other adverse effects:	Negligible ecotoxicity.
Section 13: Disposal considerations	
Section 15. Disposal considerations	
13.1. Waste treatment methods	
.	
Disposal operations:	
Recovery operations:	Recycling/reclamation of organic substances which are not used as solvents (including composting and
	other biological transformation processes).
Disposal of packaging:	Dispose of as normal industrial waste.
NB:	The user's attention is drawn to the possible existence of regional or national regulations regarding
	disposal.
Section 14: Transport information	
Transport class:	This product does not require a classification for transport.
Section 15: Regulatory information	
15.1. Safety, health and environmental	regulations/legislation specific for the substance or mixture
Specific regulations:	Not applicable.
15.2. Chemical Safety Assessment	
Chamical astatu and an	A chamical cafety according to be not been carried and for the substance of the minimum builty -
Chemical safety assessment:	A chemical safety assessment has not been carried out for the substance or the mixture by the
	supplier.
Section 16: Other information	
Other information	
Other information:	This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
	* indicates text in the SDS which has changed since the last revision.
	Ingredient List: Sodium Laureth Sulphate, Cocoamidopropyl betaine, Cocoamide DEA, Glycol stearate,
	Tea tree oil, Aloe vera, parfum, Citric acid, Sodium benzoate, Polyhexamethylene Biguanide, Triclosan
Phrases used in s 2 and 2.	H315: Causes skin irritation.
· mases used in s.2 and J.	
	H318: Causes serious eye damage.

BLUE BERRY (WHITE DOG SHAMPOO)

H319: Causes serious eye irritation. R36: Irritating to eyes. R38: Irritating to skin. R41: Risk of serious damage to eyes.
